- Stakeholder Management

PROFESSIONAL EXPERIENCE

Erada Finance

Cairo, Egypt

Senior Product Owner

Mar 2025 – Present

- Leading an initiative to expand XFin's lending ecosystem, delivering 4 parallel product builds: a new **Sales Agent Tablet App** for microfinance branches, an enhanced **Backoffice Operations Web Portal**, a **Collection Tracking System**, and a **Legal Management System**.
- Owned the product strategy and roadmap for **XFin**, a next-generation in-house core banking platform, defining **SME financing** as the flagship offering in a multi-product digital lending roadmap.
- Shaped XFin's first 6 months post-MVP launch with **218 SME loan applications**, a **65.9% approval rate**, and **EGP 257.3M disbursed**.
- Collaborated with the data analytics team to instrument an **8-stage SME application pipeline** with drop-off visibility at every gate, giving internal teams visibility into where deals stalled.
- Championed a new digital **Customer Mobile App** initiative to gain the FinTech License, embedding Mixpanel analytics to make funnel and engagement data core to the product's iteration loop.
- Utilized AI-driven design solutions to illustrate UX/UI for multiple products in close coordination with the product design team, accelerating delivery and strengthening collaboration with the tech team.
- Set up Jira & Confluence foundation, establishing teams' workflows and documentation standards.
- Conducted onboarding business sessions and developed learning materials to build product and domain knowledge across the tech hub.

3D|Diagnostix

Cairo, Egypt

Product Owner

Apr 2023 – Feb 2025

- Owned the product roadmap for 3D Diagnostix's **CRM platform** and **Connect™ healthcare SaaS Portal**, leading **35+ production releases** supporting clinical ordering, manufacturing, and logistics workflows for internal stakeholders across Egypt, the USA, and the UK.
- Drove requirements discovery end-to-end, documenting over **90** business requirements, features, user stories, and UAT documents in close collaboration with the product manager.
- Handled cross-functional delivery across Customer Support, Restoration, Treatment Planning, Production, Logistics, Sales, Quality Control, and Finance teams.
- Ran sprint planning and backlog prioritization in Plane, a project management tool, keeping a 25-person engineering team focused on the highest-impact work.
- Created **200+** mock-ups and prototypes to illustrate UI/UX and user journeys using Figma.
- Conducted UAT sessions to validate the functionality and usability of the developed features, achieving at least a **90%** acceptance rate.

Qardy

Giza, Egypt

Product Manager (*Part-time*)

Apr 2023 - Feb 2025

- Maintained ownership of the FinTech product roadmap and delivery following transition from full-time role.
- Collaborated with engineering and design teams to deliver features aligned with business goals.
- Launched **2** new products in **microfinance** and **invoice financing** from **discovery** to **launch**, which boosted customer acquisition and application submissions, achieving a **33%** increase in conversion rate.
- Scaled the platform through 2024 to 189 companies and 14 financial institutions, growing to 291 users and 456 processed applications across three portals.

Product Owner

Oct 2022 – Mar 2023

- Led the product development and growth of Qardy to meet business goals and customers' expectations.
- Enhanced the **SME** product across our **3** portals for Customers, Financial Institutions, and Operations.
- Managed an agile group of **6** members as part of a small team effort to ensure high-end product delivery and maximize product value collectively.
- Authored over **20** comprehensive business requirement documents on Confluence, with over **200** tickets on Jira, including epics, user stories, and bugs.

Operations Coordinator | *Founding Team*

Mar 2022 – Sep 2022

- Recognized as part of the founding team due to early-stage impact and broad scope of responsibilities.
- Managed Qardy's day-to-day operations and platform, ensuring seamless functionality and efficiency.
- Executed 11 approved applications valued at EGP50 million through dedicated business development.
- Pitched Qardy's business model to financial institutions and vendors, securing official partnerships with 4 well-established entities.

EDUCATION

The German University in Cairo, Egypt

Oct 2016 - Jul 2021

BSc - Mechatronics Engineering | Semester 7 abroad at GUC Berlin Campus
